

Send to Outlook not working

Ensure Outlook is set as the default Mail client

Close Outlook

For 32 bit versions of Outlook

Delete Msmapi32.dll located C:\Program Files (x86)\Common Files\system\MSMAPI\1033\

For 64 bit versions of Outlook

Delete Msmapi32.dll located C:\Program Files\Common Files\system\MSMAPI\1033\

Search and run fixmap.exe

Open Outlook (Outlook will replace & register the Msmapi32.dll and then open).

Try the "Send To > Mail Recipient" again.
